

SIGNUP TO CRYPTO.COM

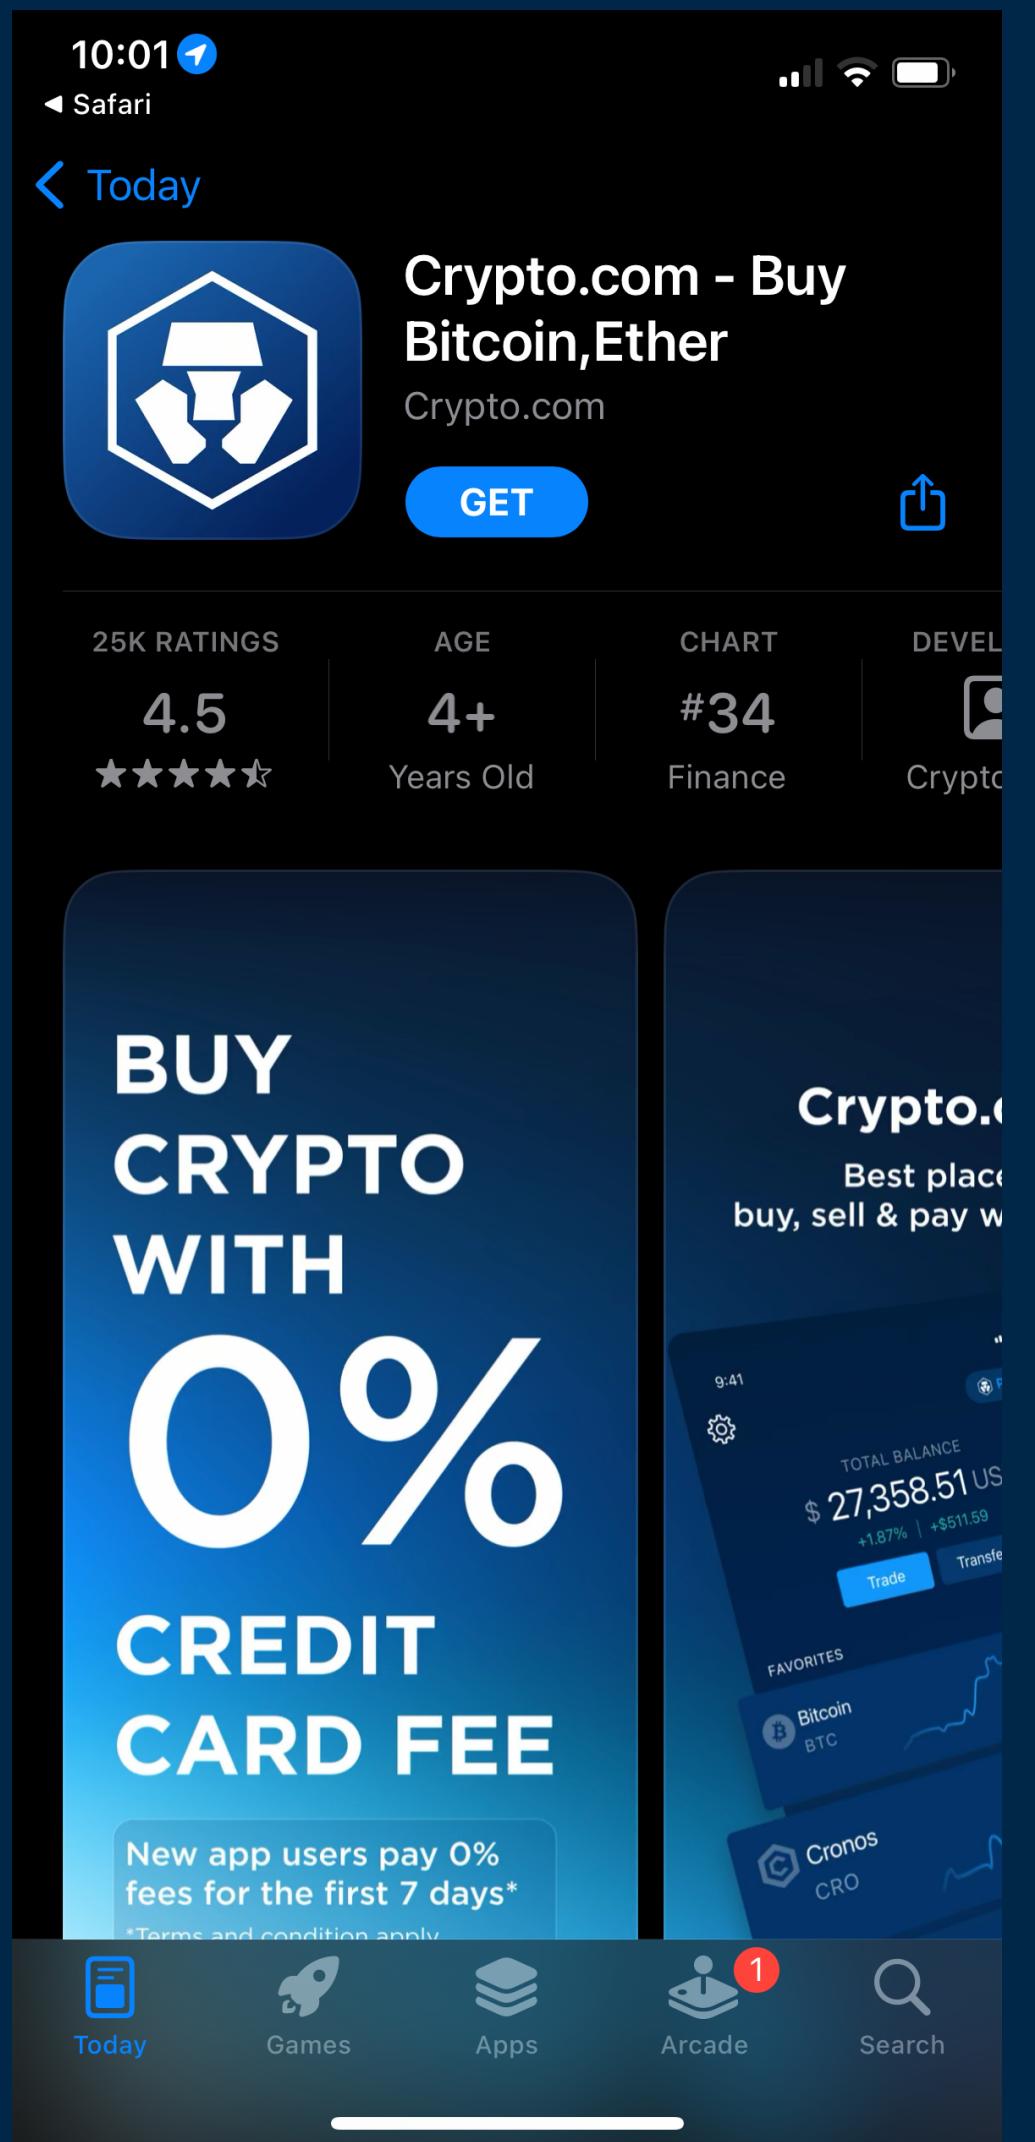

Step 1.

Step 1: Download the app.

This is most easily done using your phones app store.

[Apple App Store](#), [Google Play Store](#)

Step 2: Launch the app.

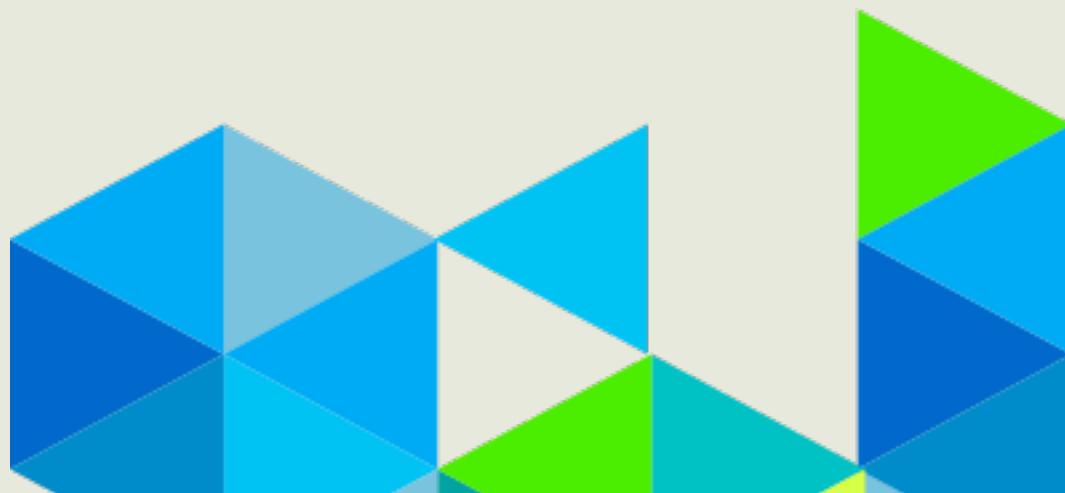

After you launch the app that you just downloaded, you should be prompted to create an account.

Please click “Create New Account”

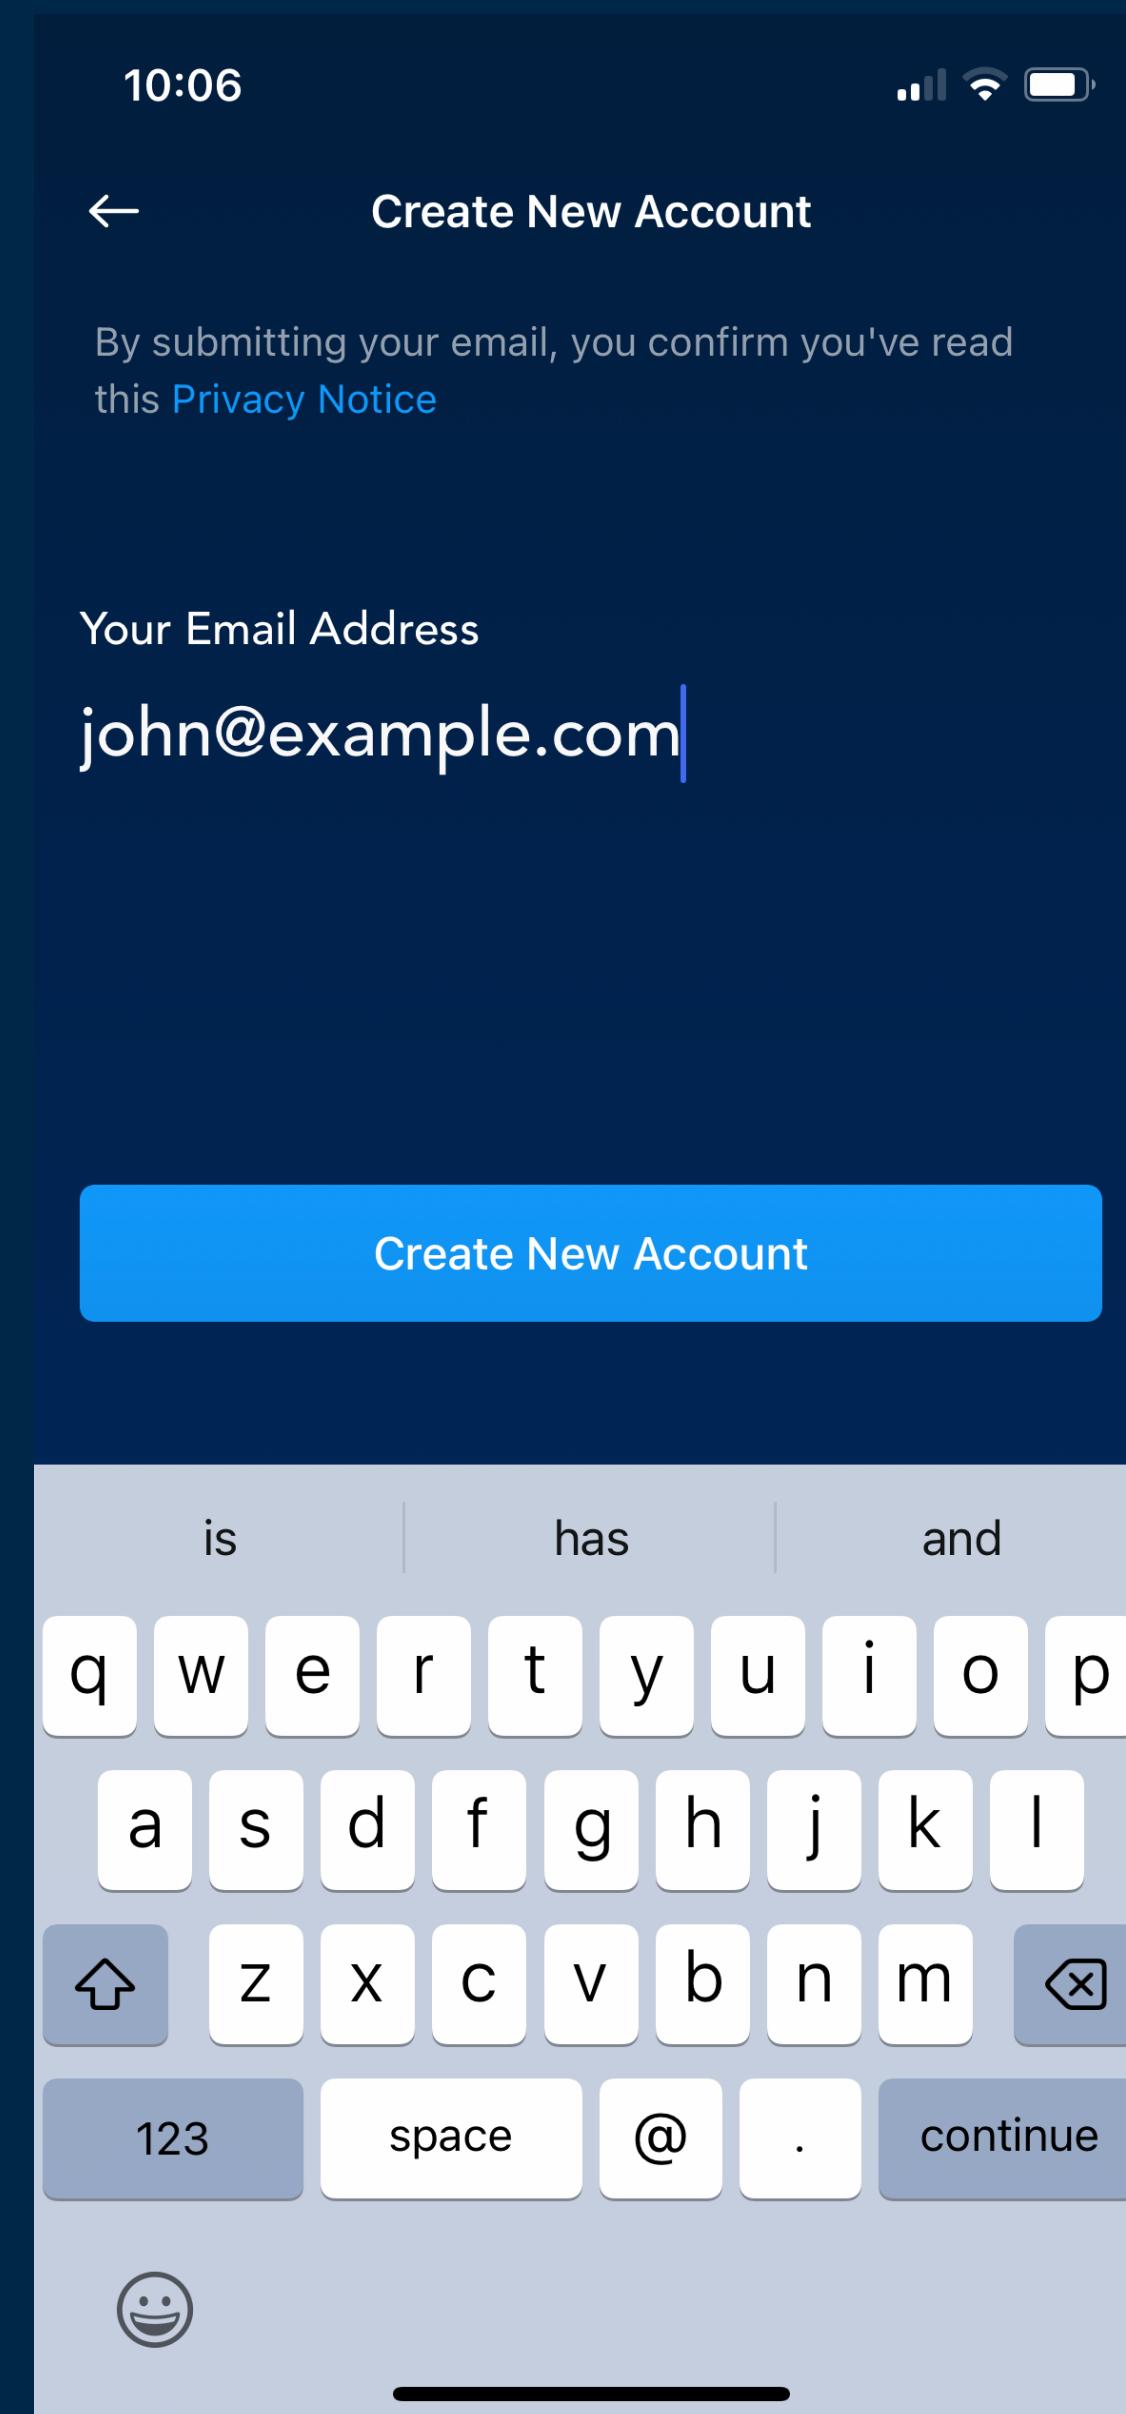

Step 2.

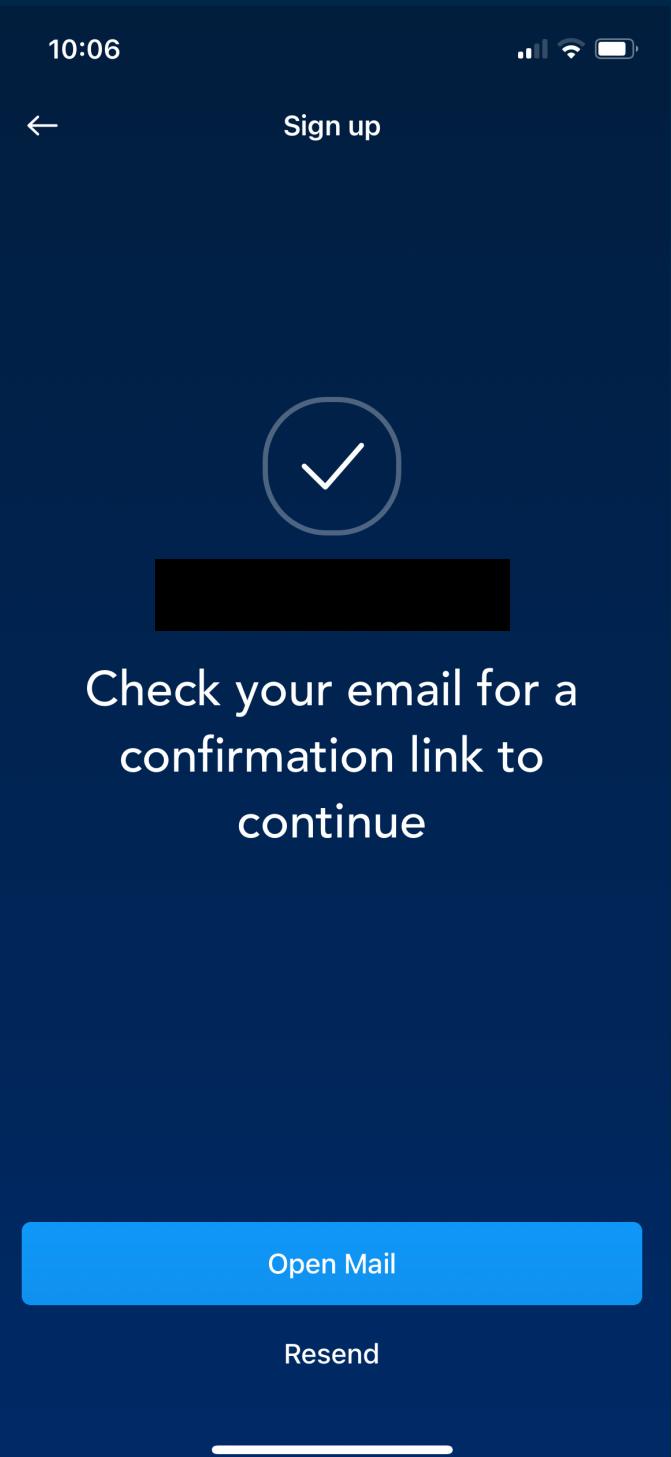

Step 2.1: Enter your email.

You will be prompted to enter your email address. Please use a personal email address that you use often. Avoid using company or shared emails.

Step 2.2: Verification required.

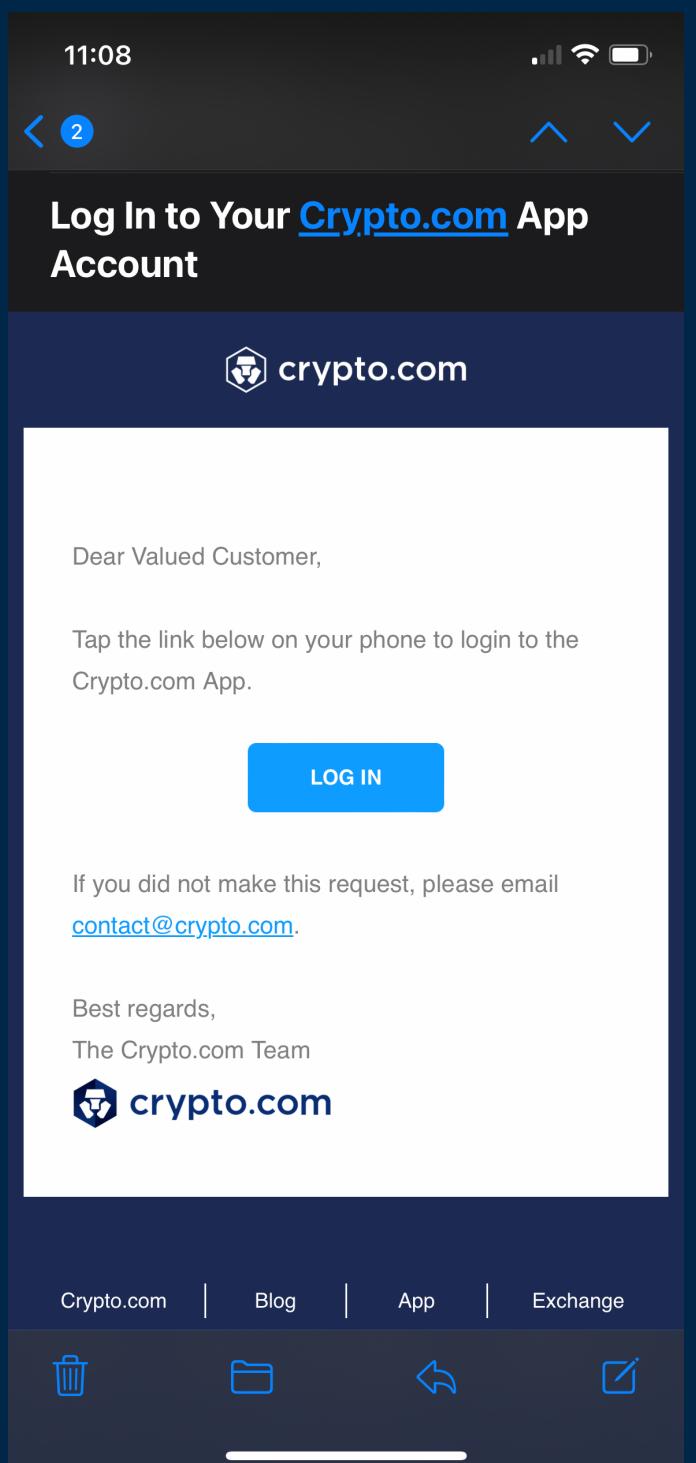

After you enter your email, you will receive a email to confirm the email you provided. Check your email for a confirmation link.

Step 2.3: Verify your account.

The email you receive will similar to this.

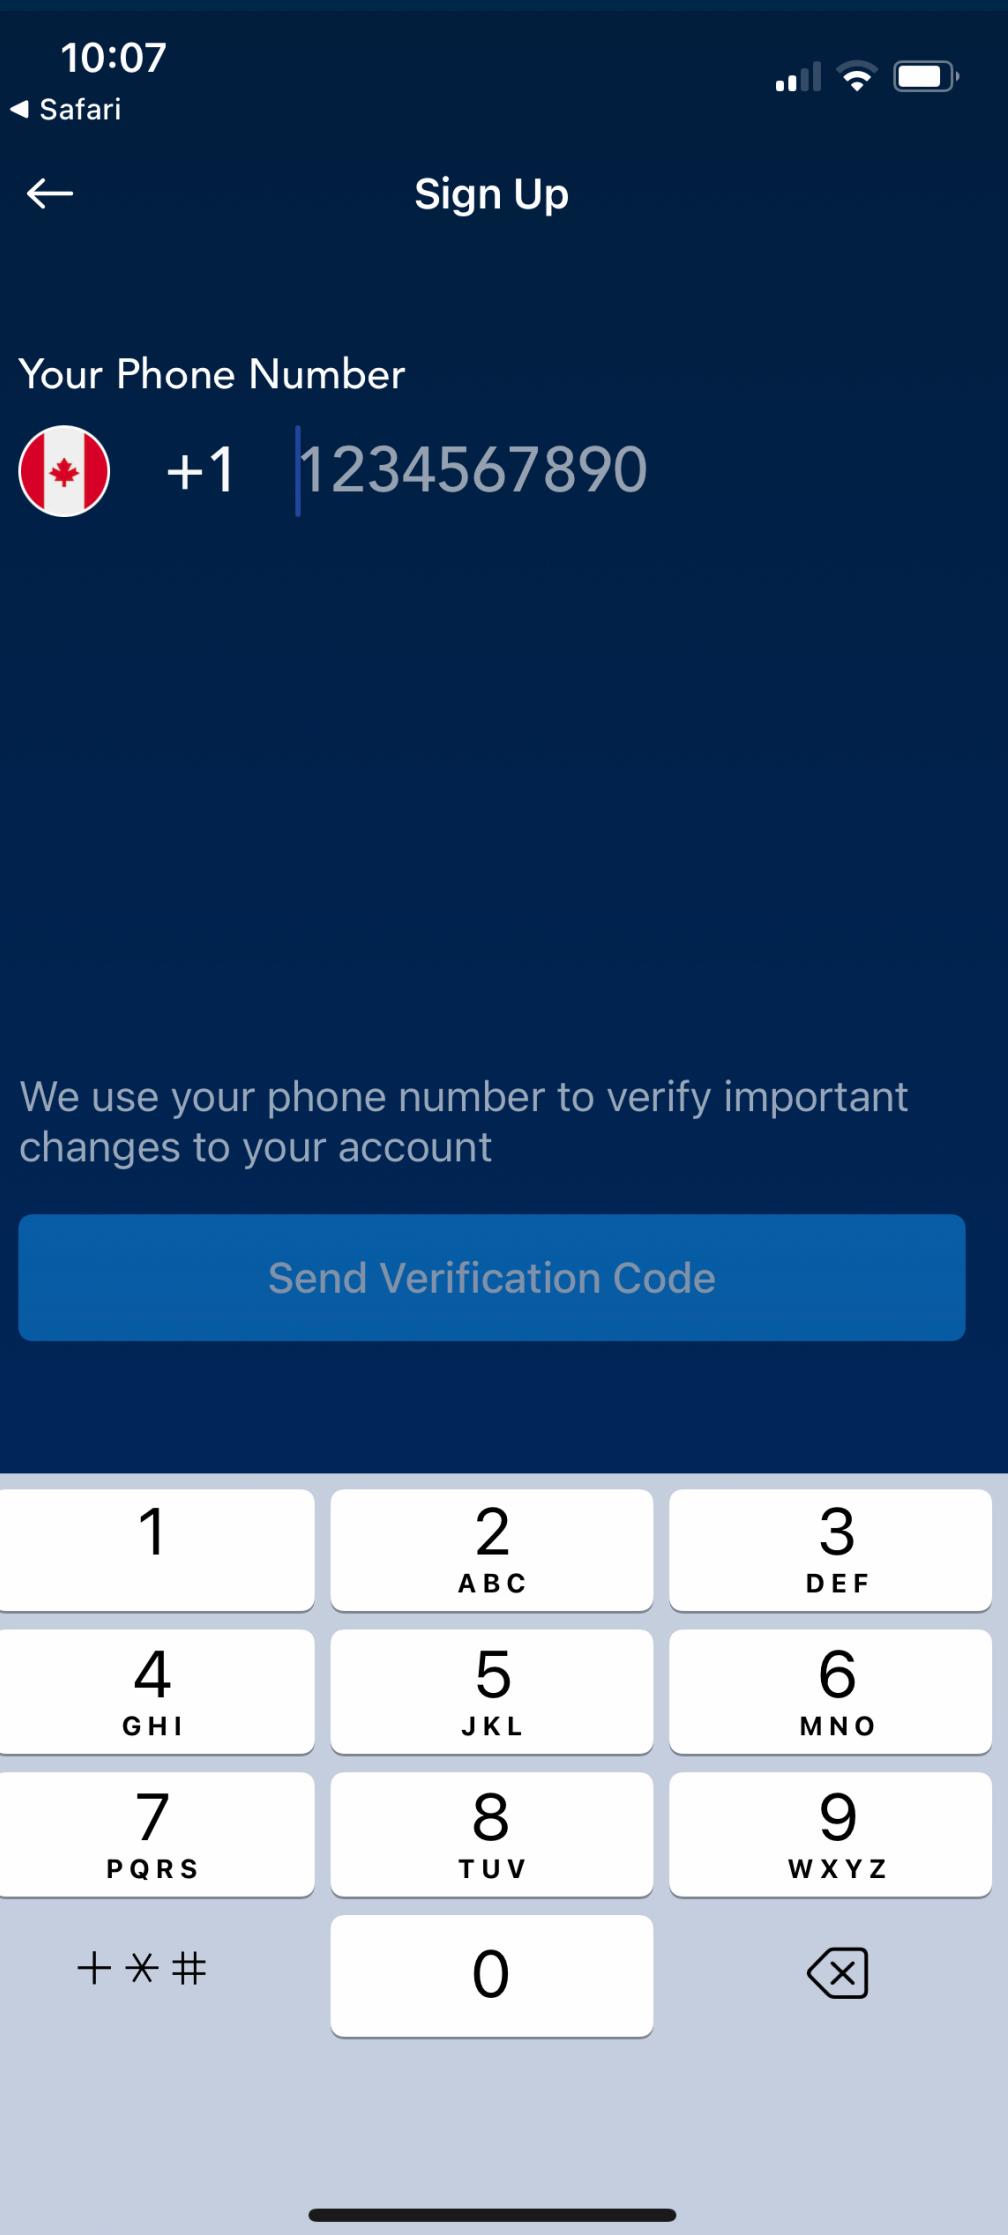

Please click “LOG IN”.

Step 3.

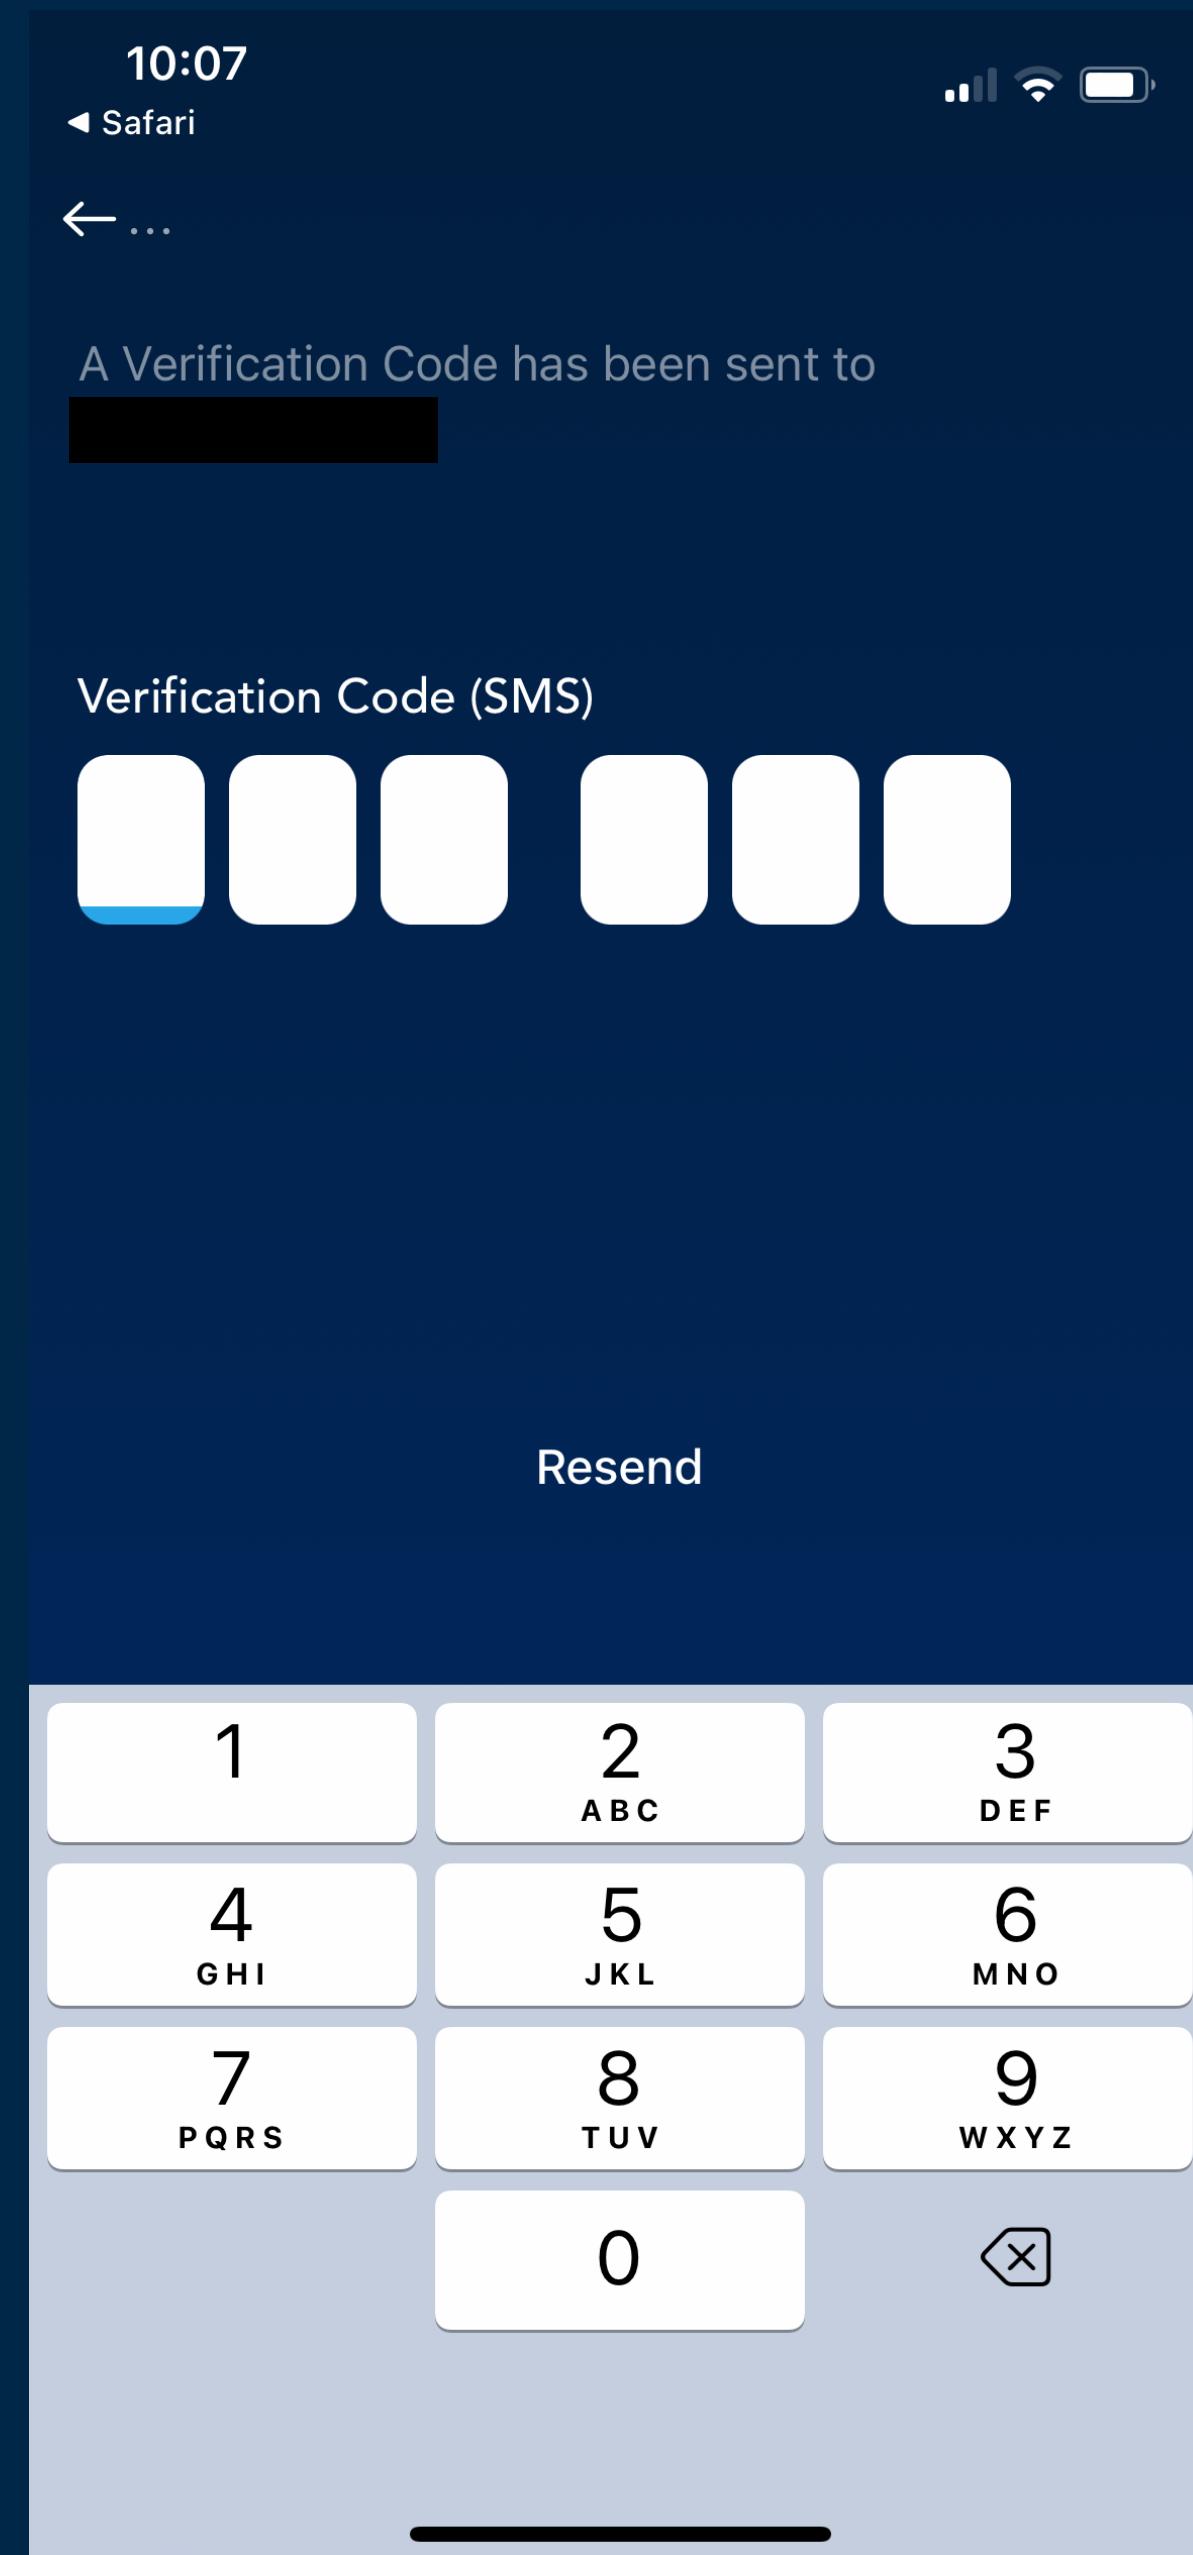

Step 3.1: Enter your phone number.

You will be prompted to enter your phone number. Please use a personal phone number. Best that you use a personal mobile phone number.

Step 3.2: Enter verification code.

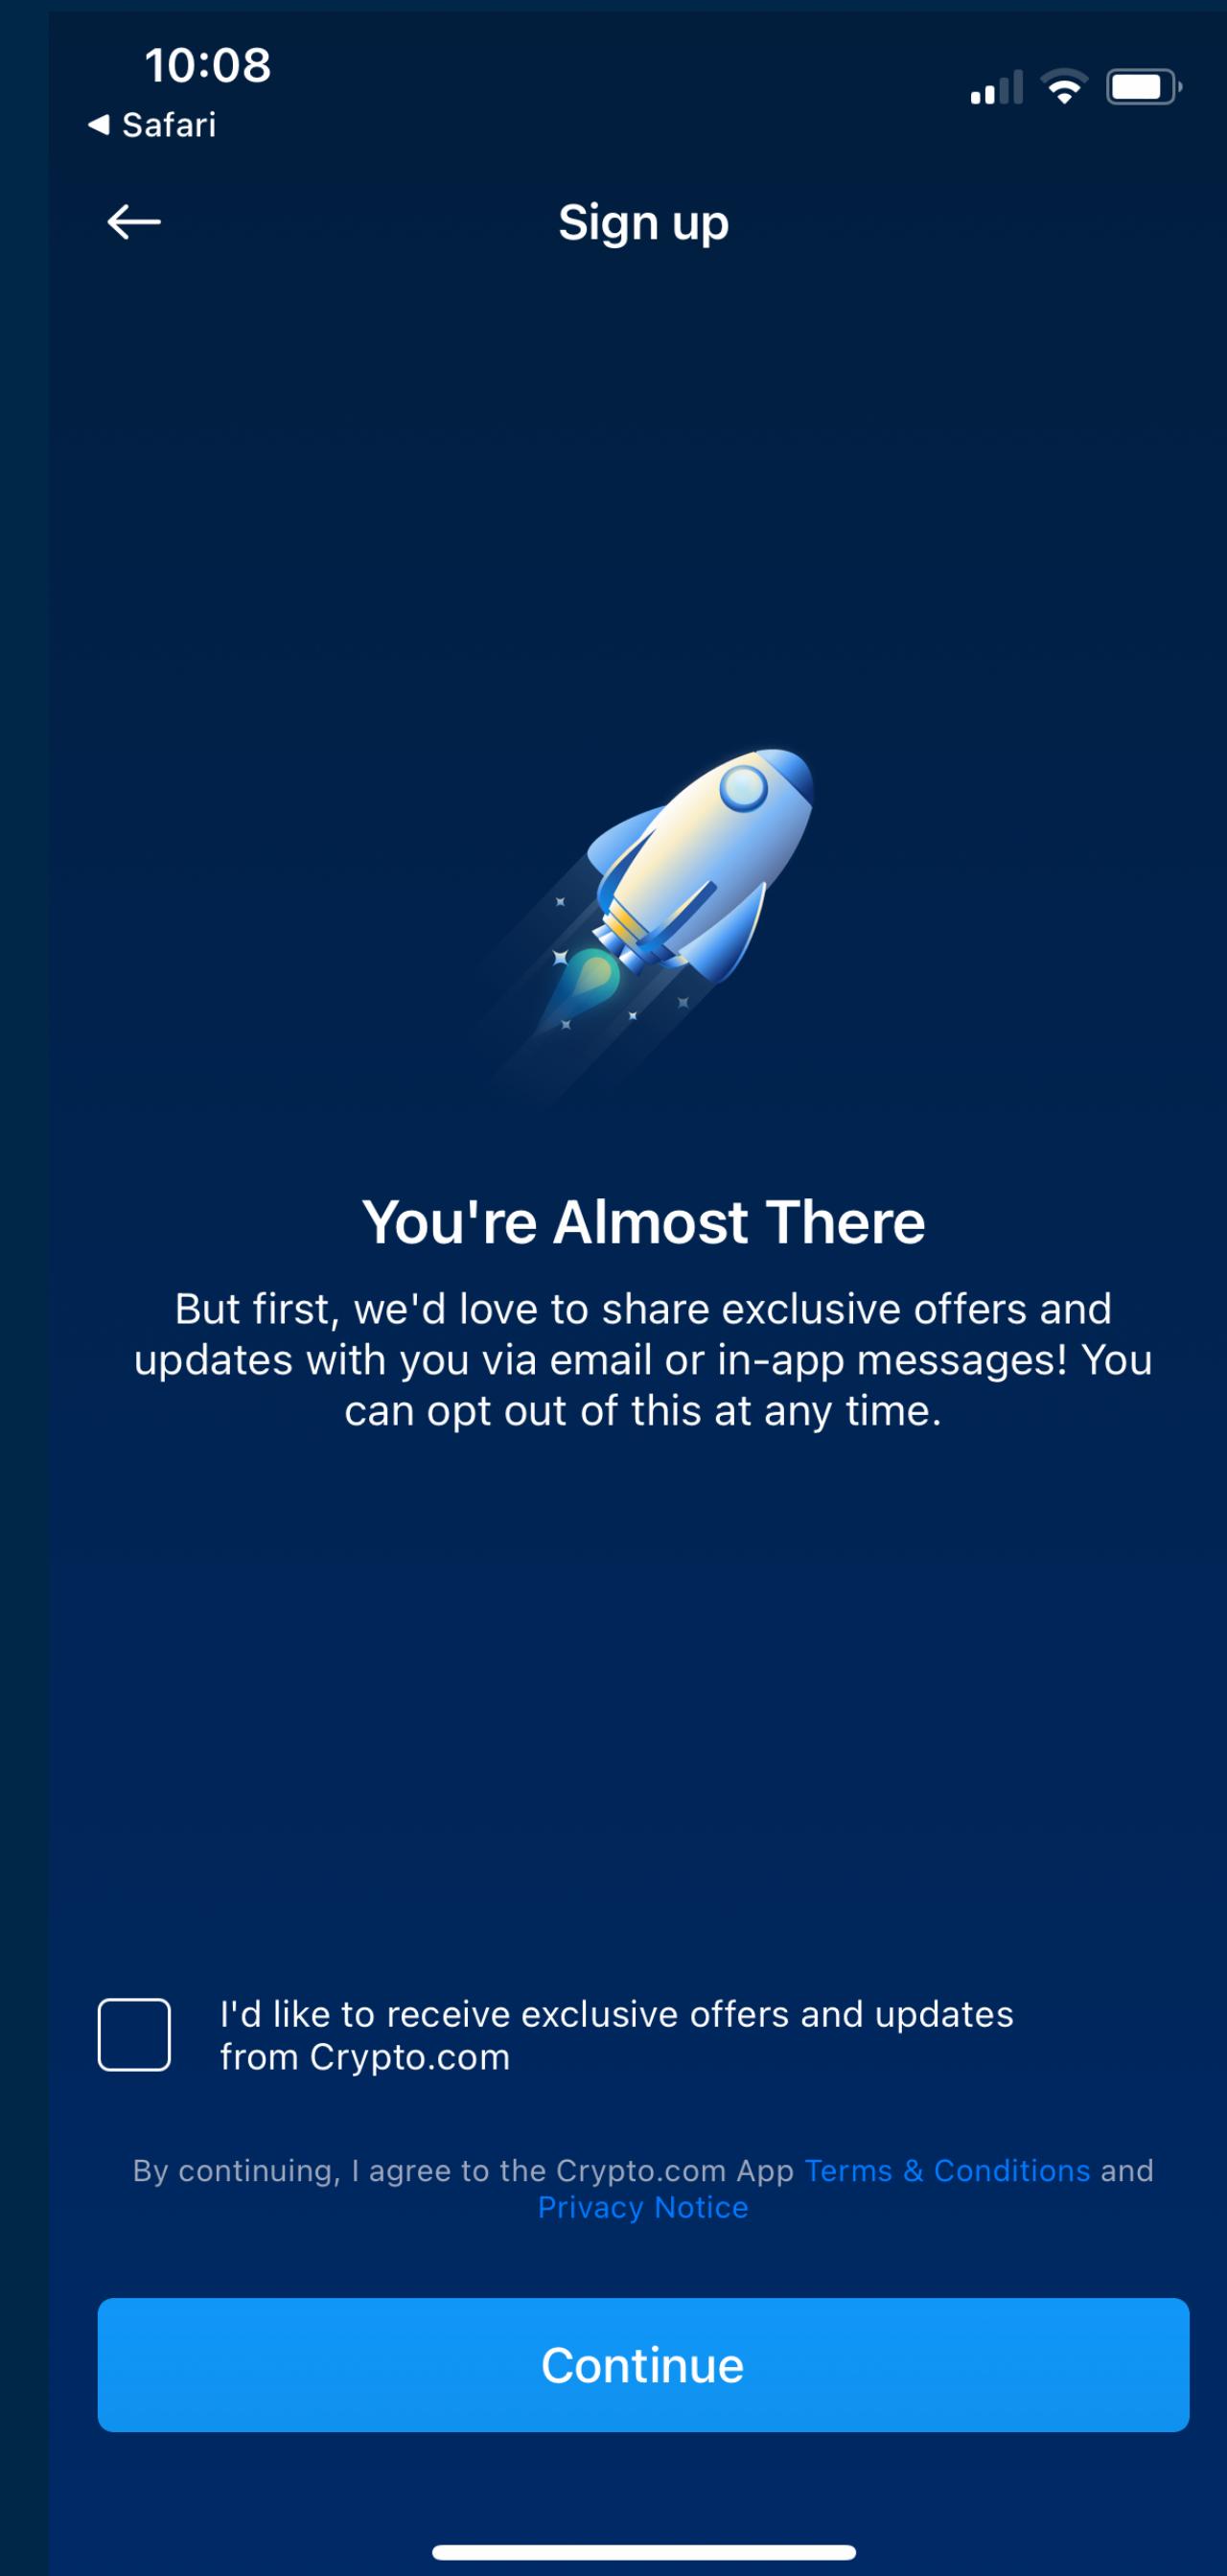

After submitting your phone number, you will receive a text message with a verification code. Please enter that code on the screen.

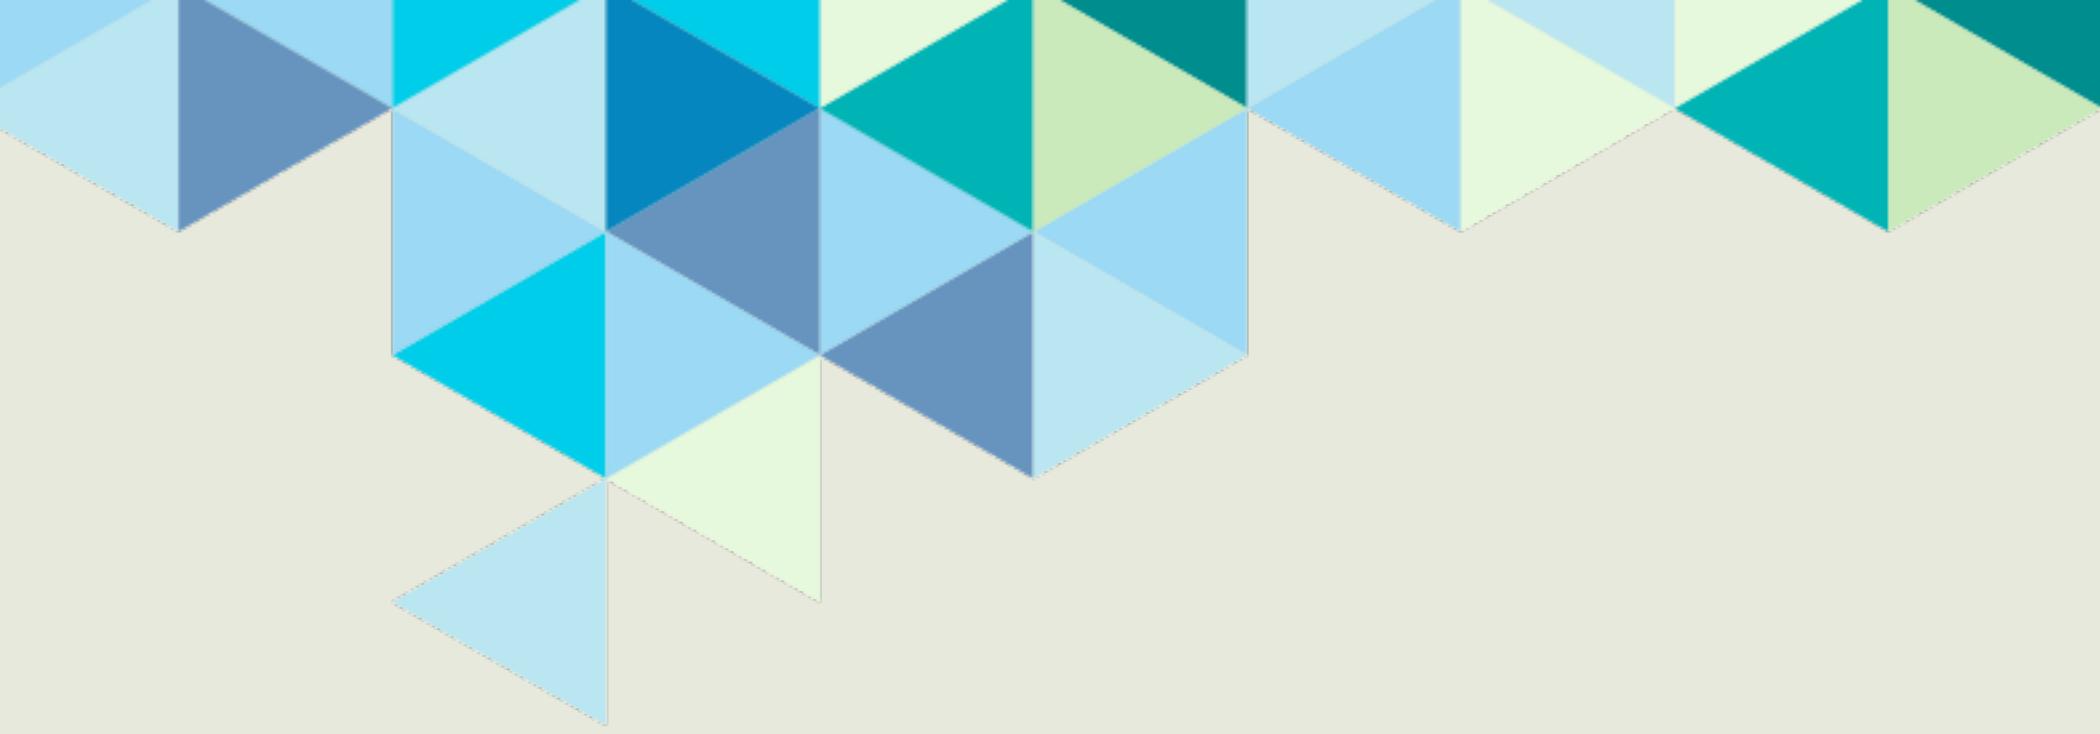

Step 3.3: Continue.

Click continue to move not to your identity verification.

Note you also have an option to opt into [crypto.com](#) mailing list.

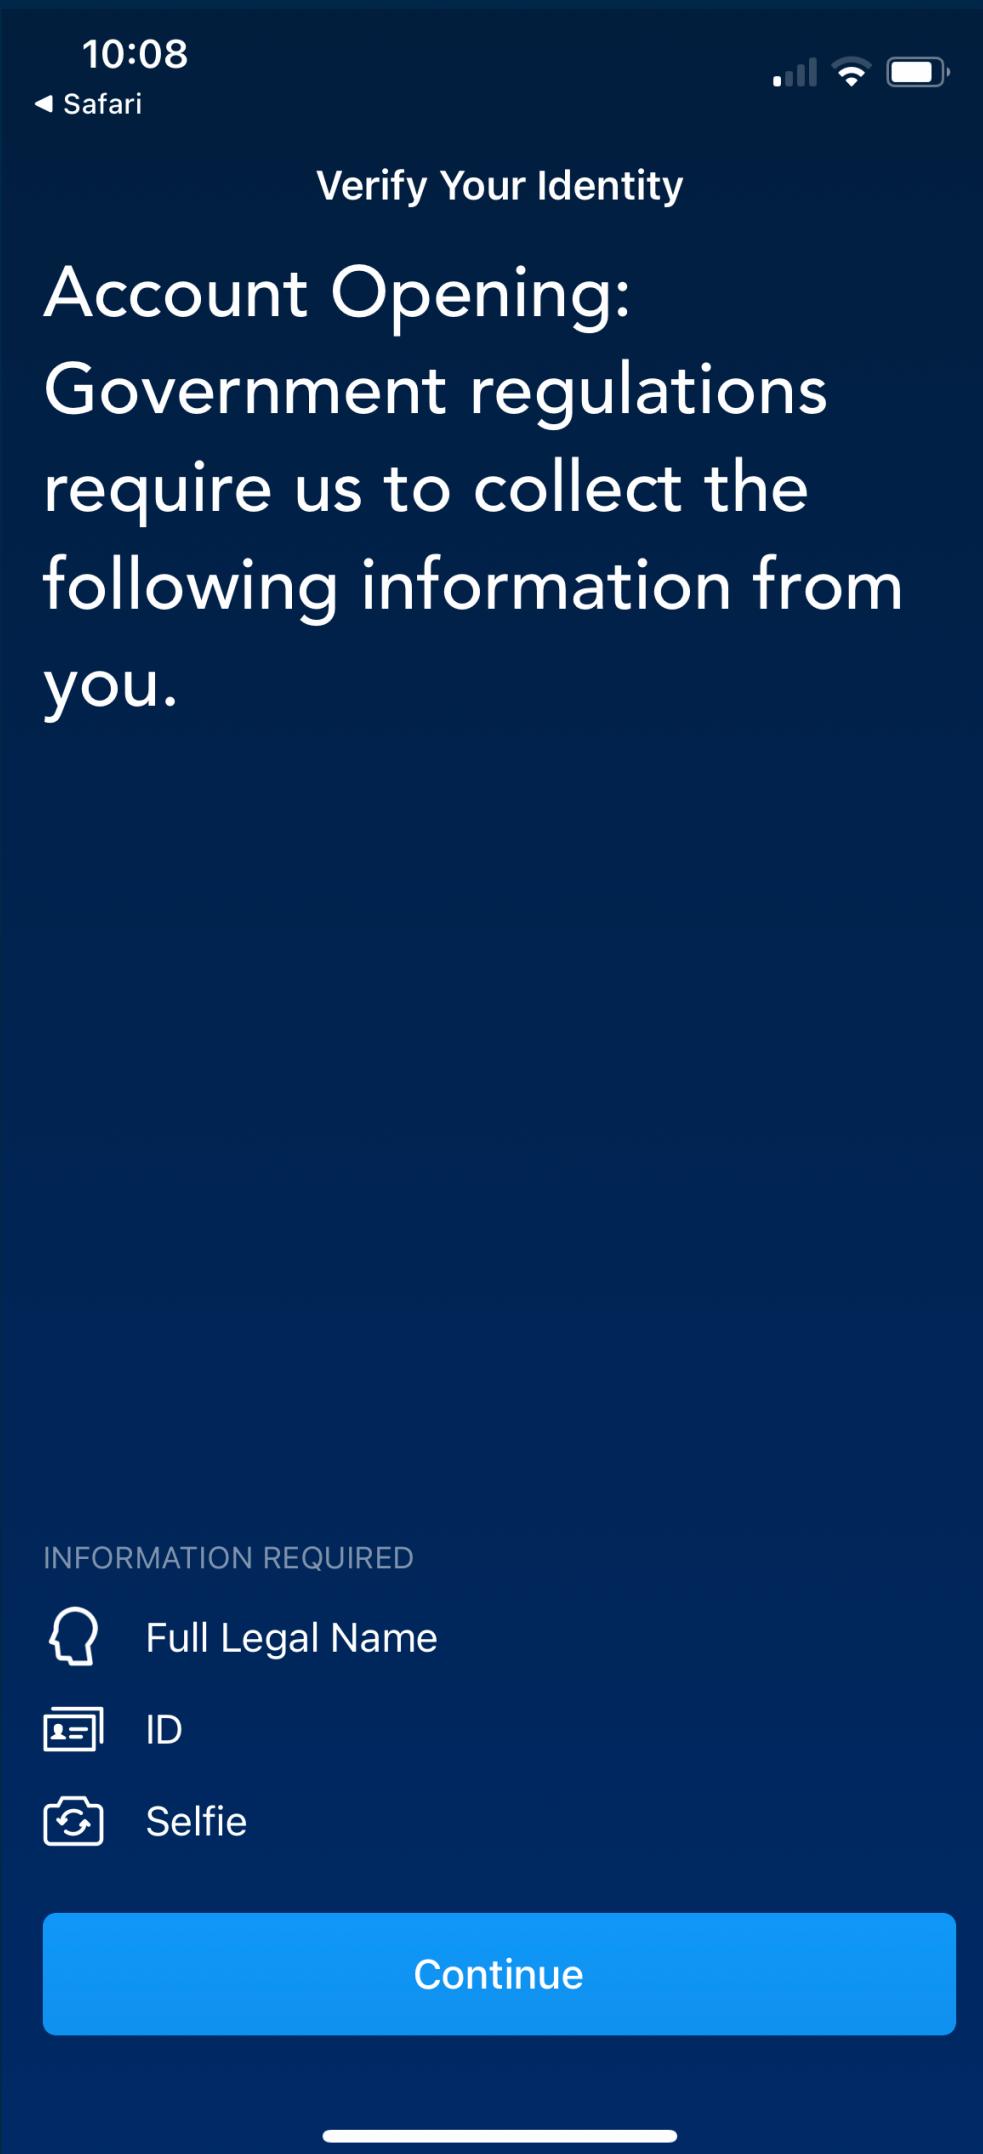

Step 4.

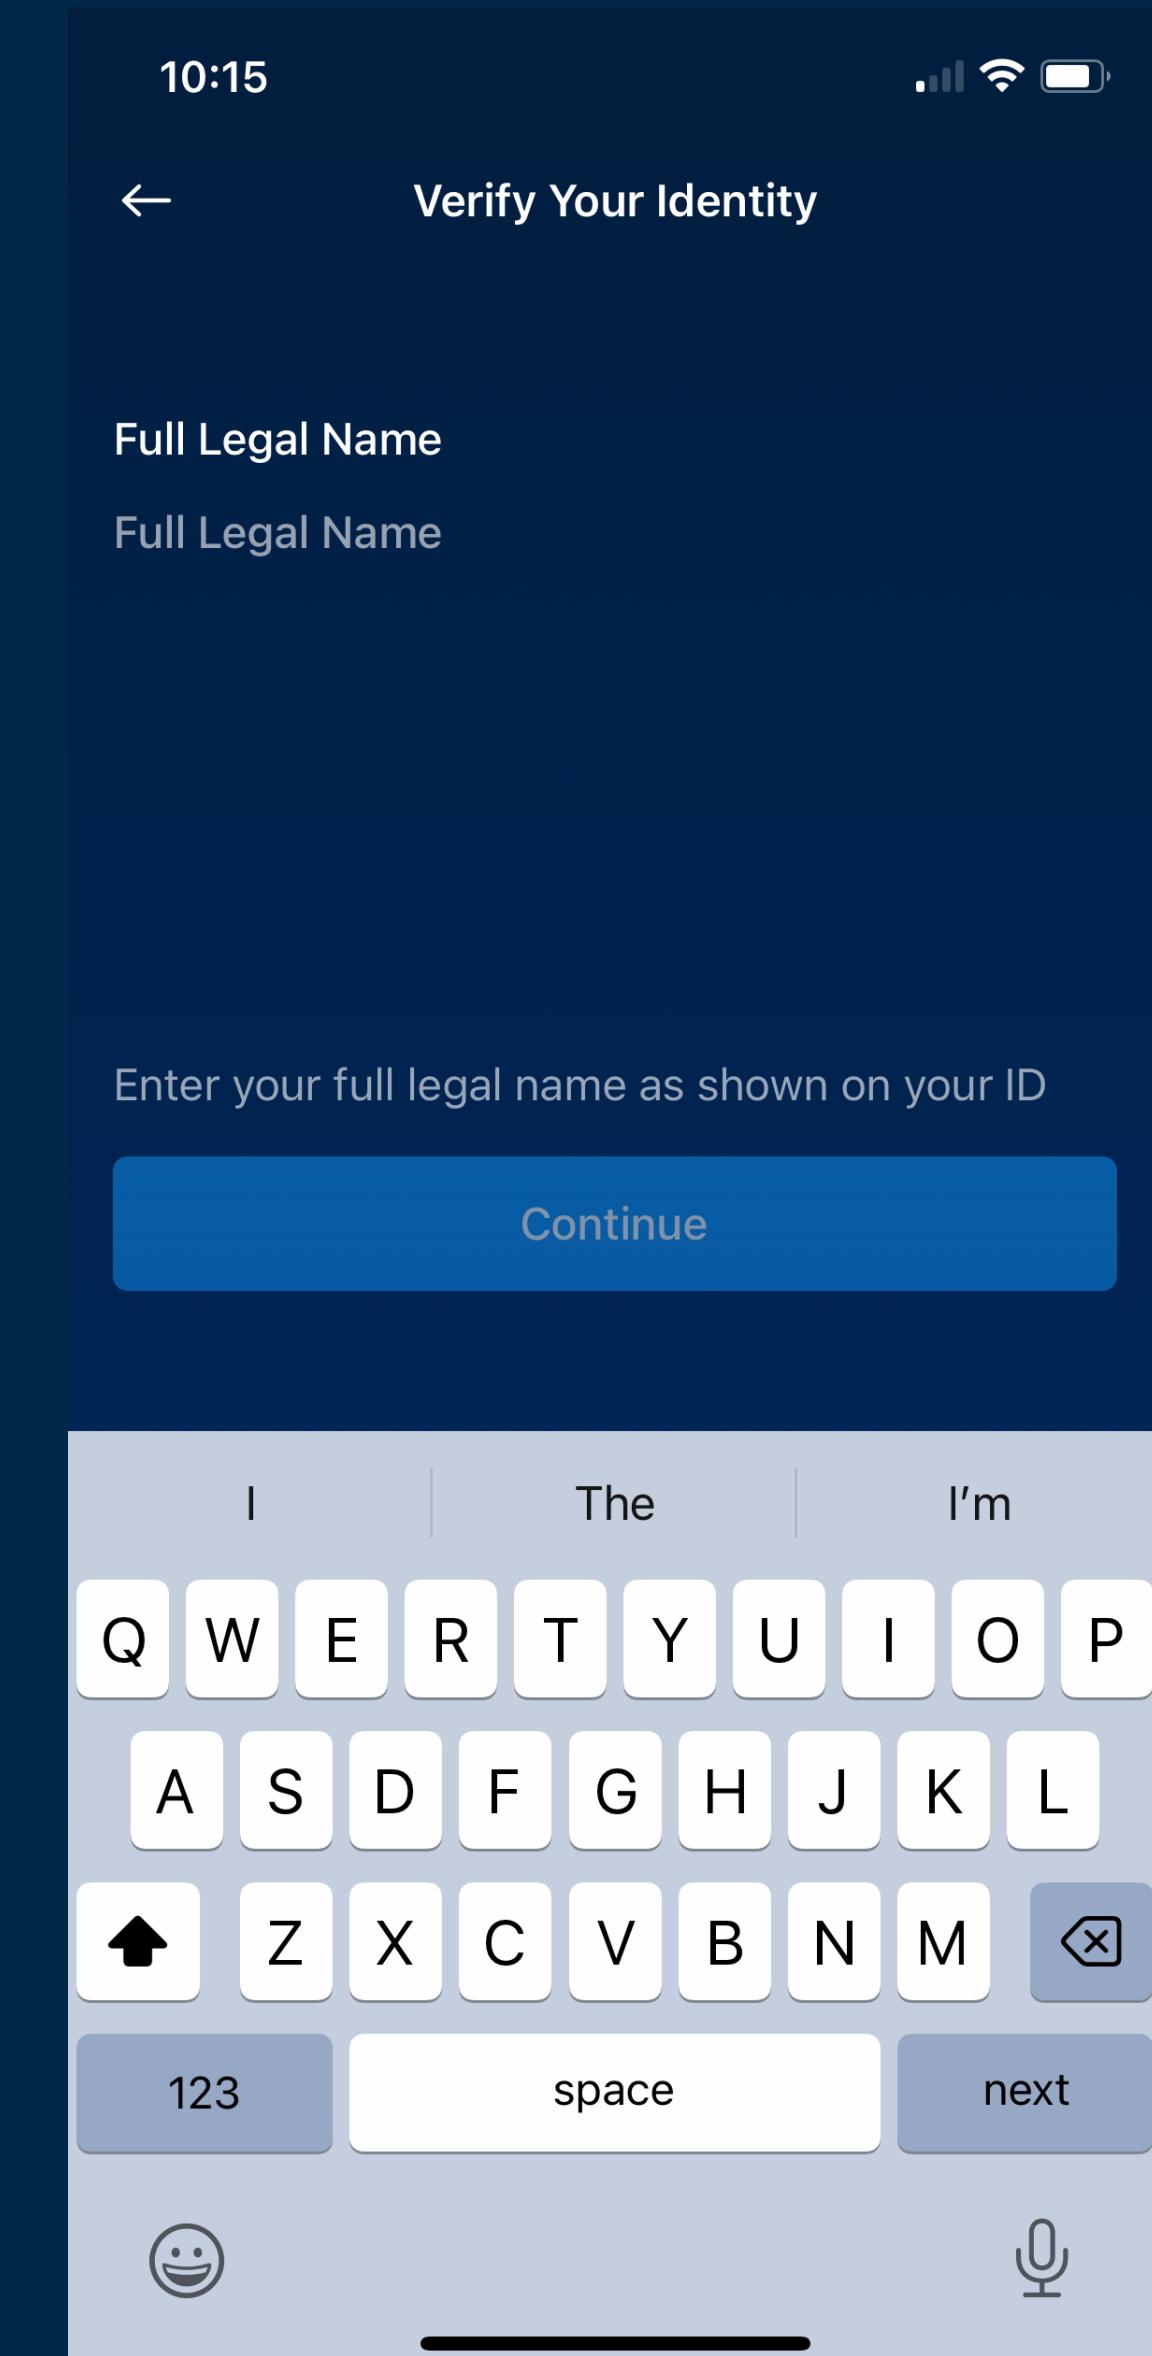

Step 4.1: Verify your identity.

Depending on your location and government you may be required to legally identify yourself. This is very common and is necessary for all investment platforms.

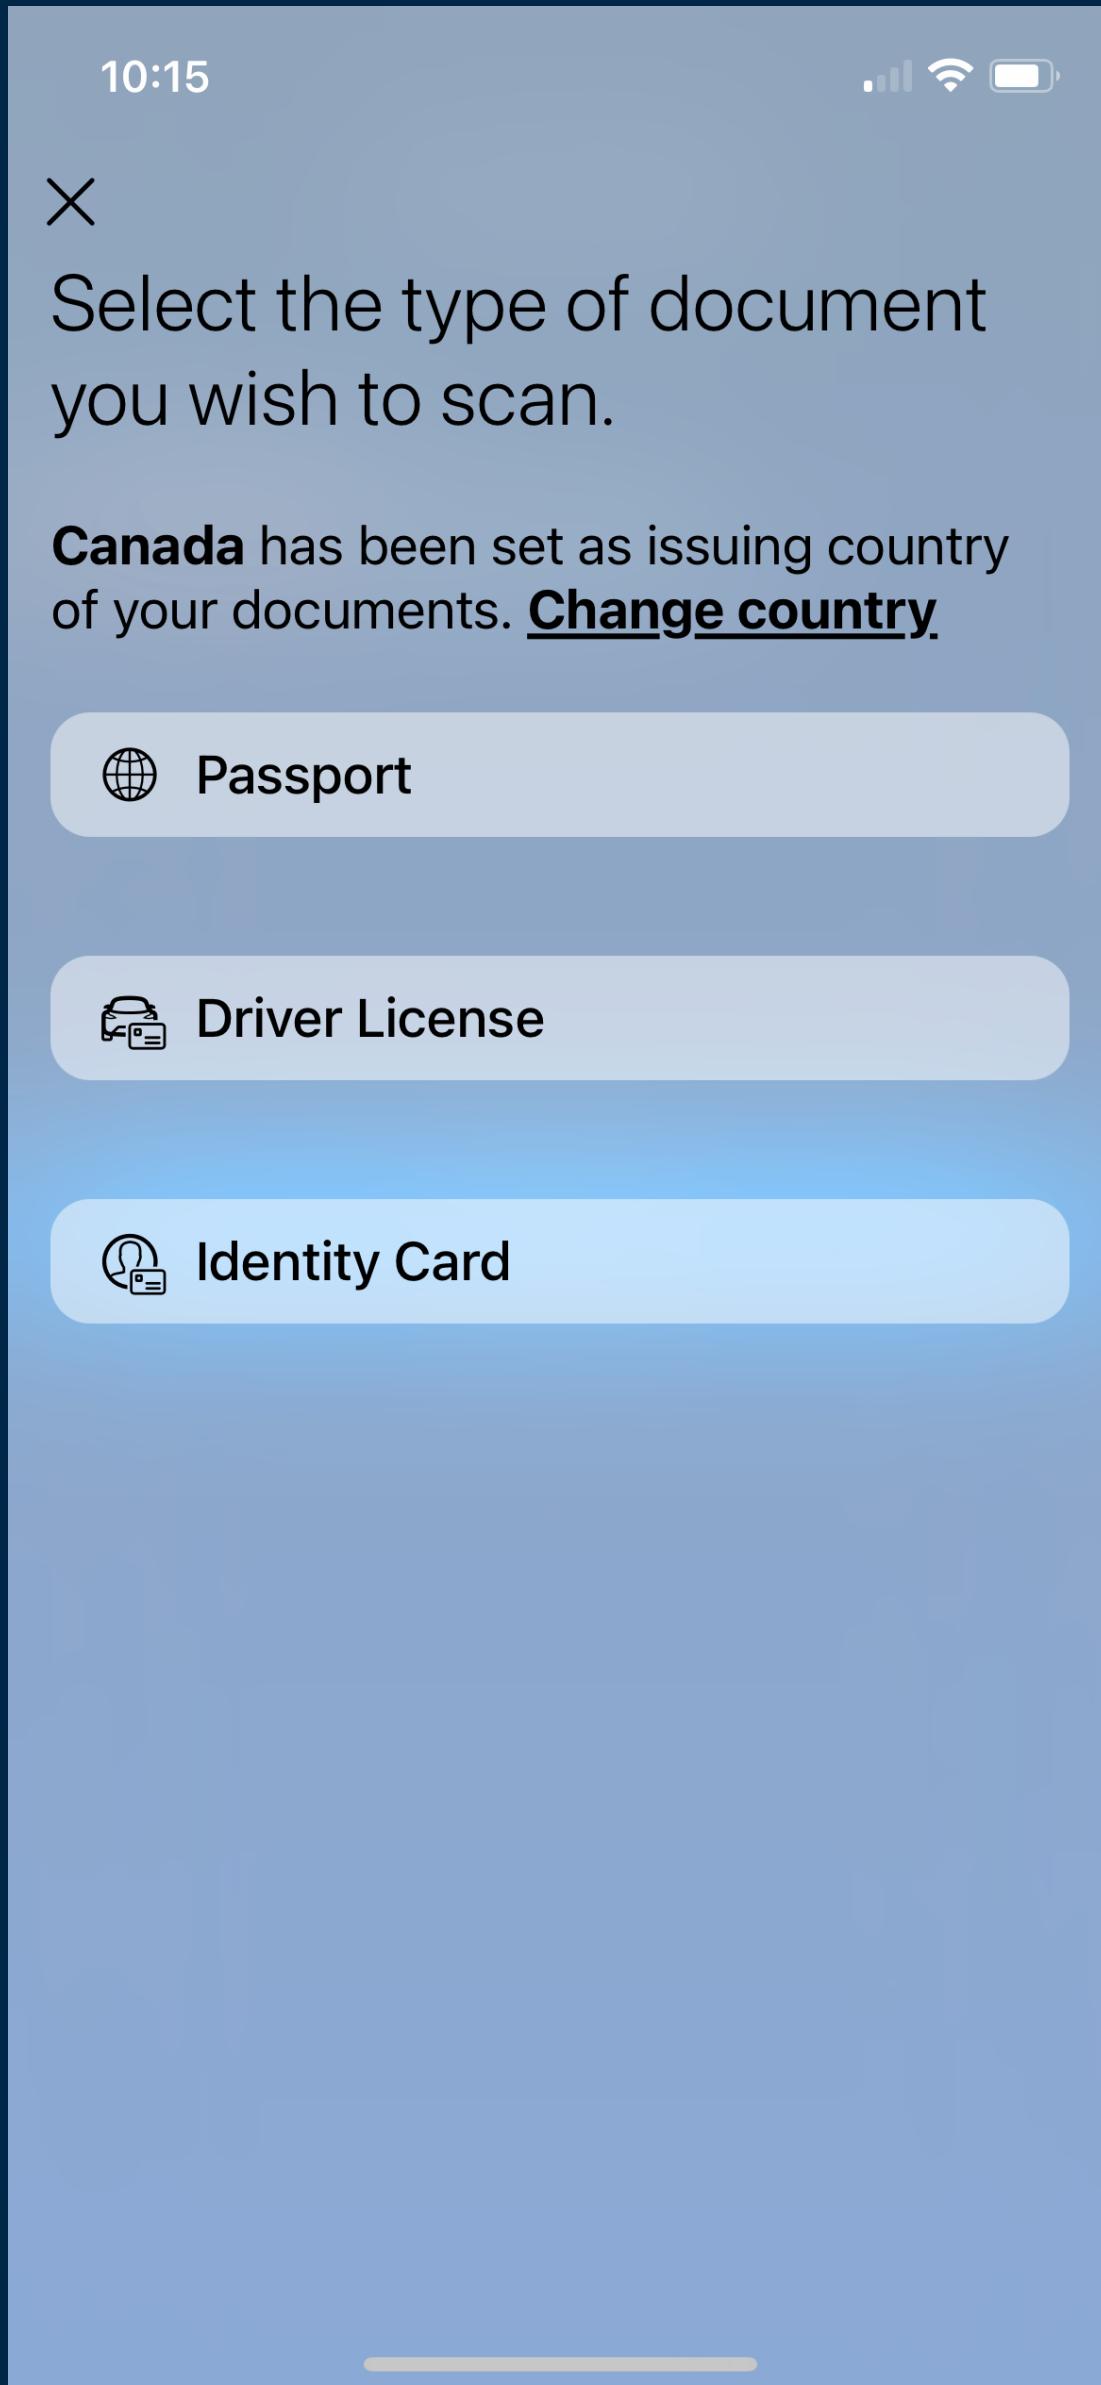

Step 4.2: Enter your legal name.

Step 4.3: Legal document.

After you select the type of document you wish to provide, your phone will prompt you to take photos of that ID.

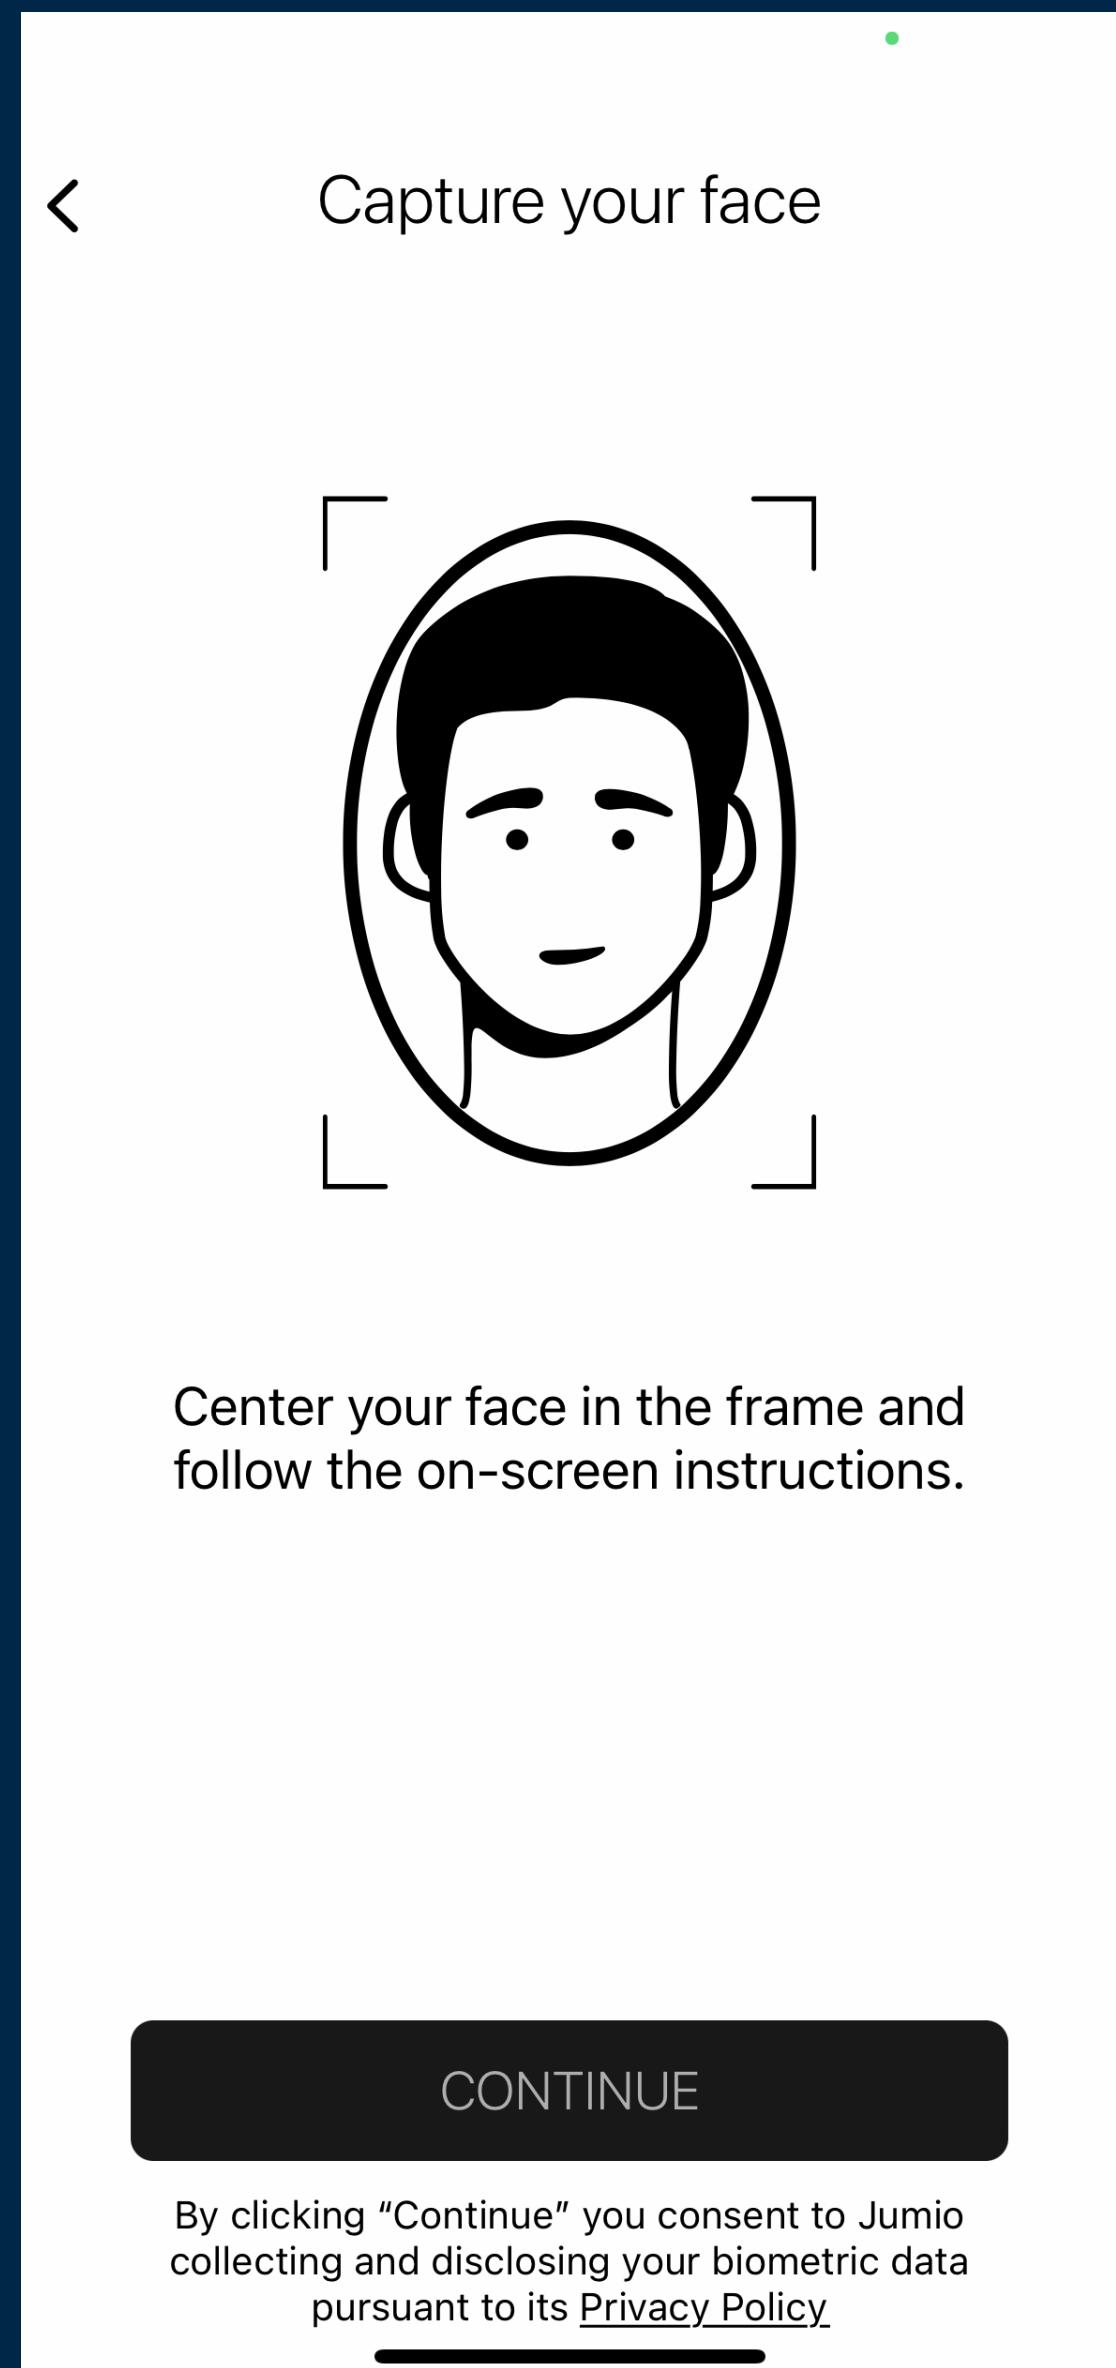

Please follow the instructions and pay attention to any errors that you may receive in uploading the photos.

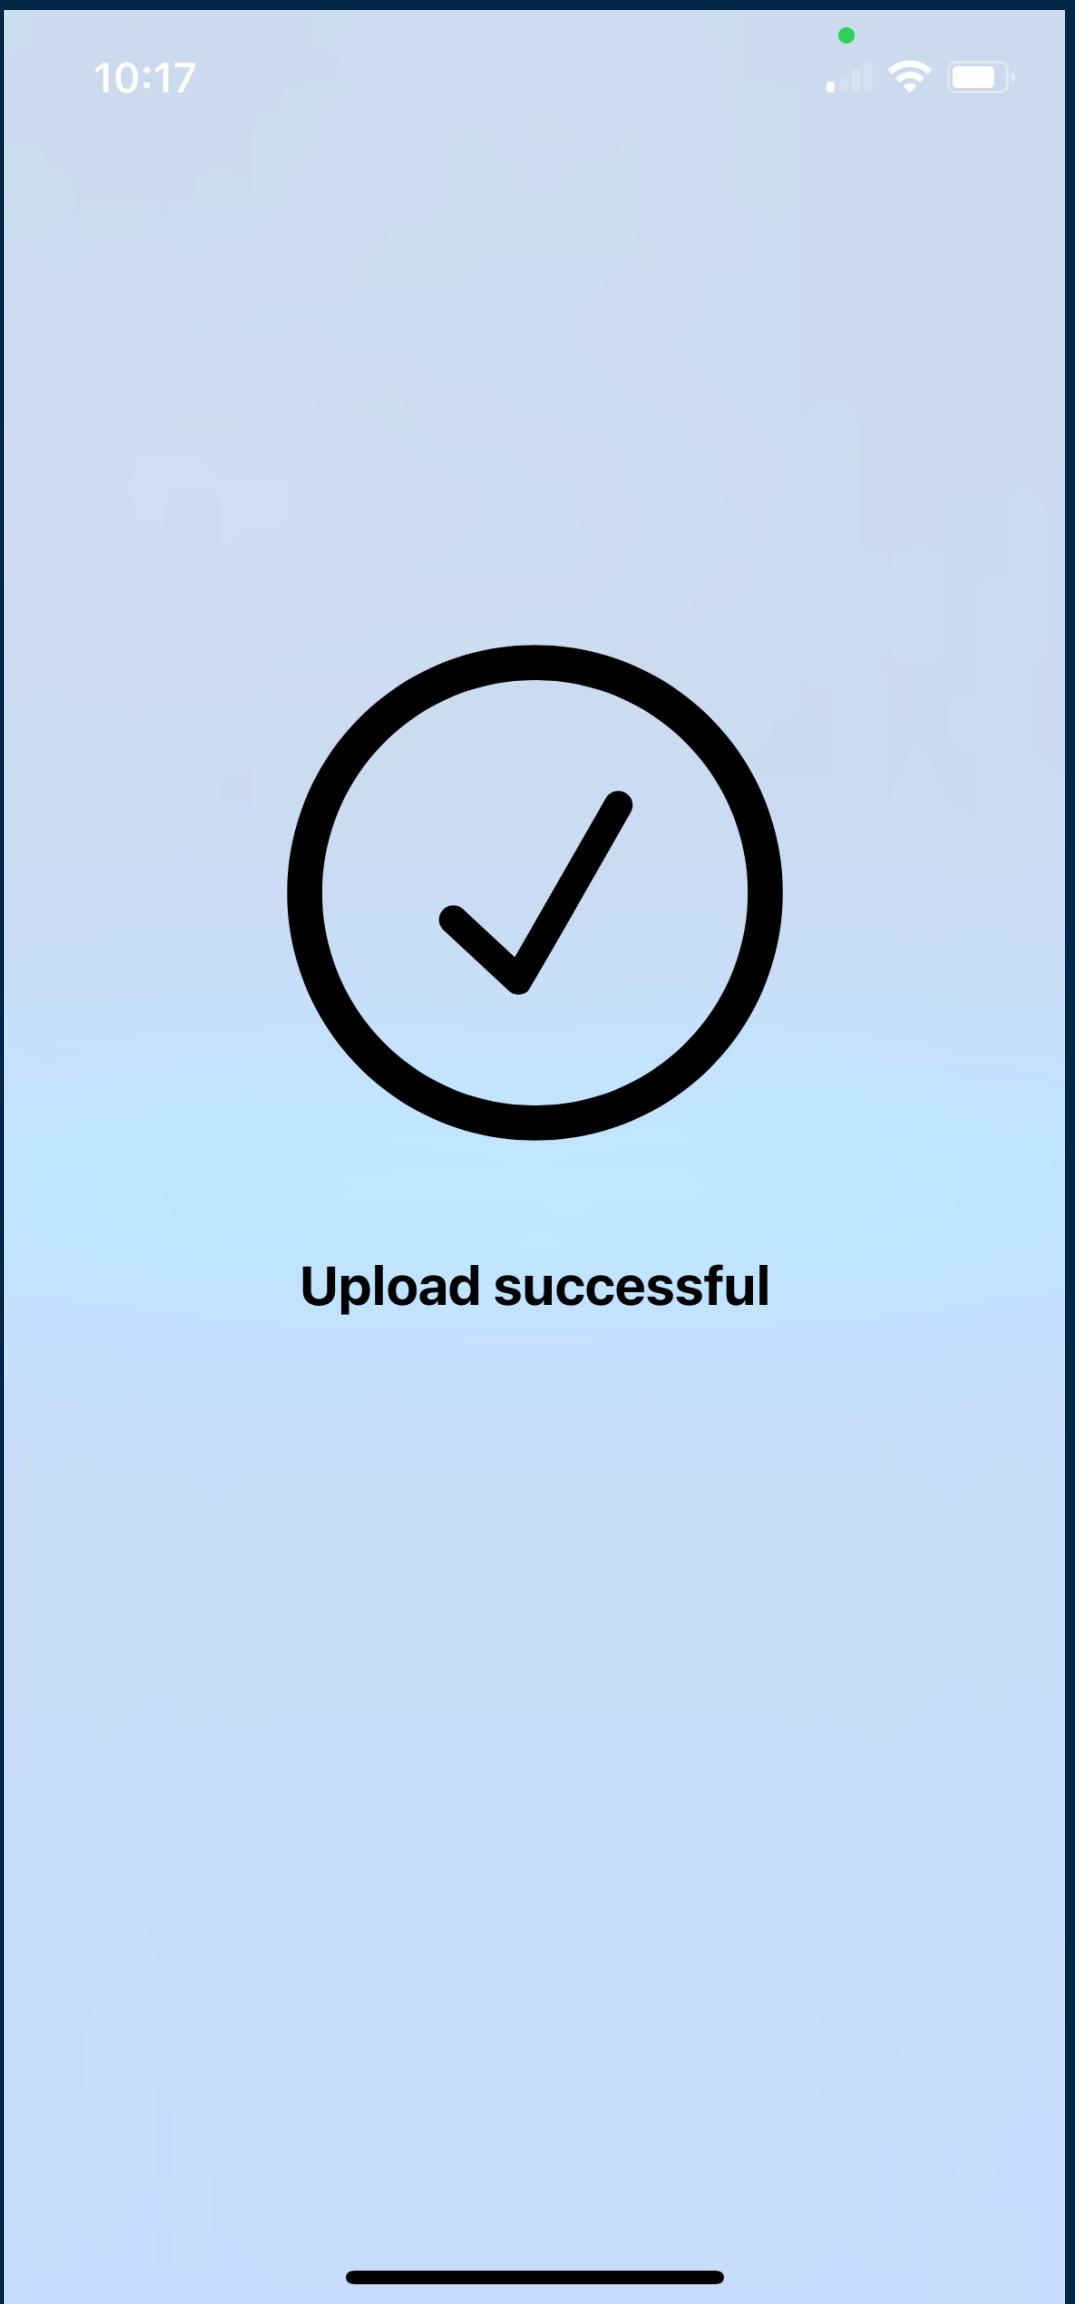

Step 4.4: Take a selfie.

The next screen requires you take a selfie which they use to confirm the document you provided in the previous step.

Please follow the instructions and pay attention to any errors that you may receive in uploading the photo.

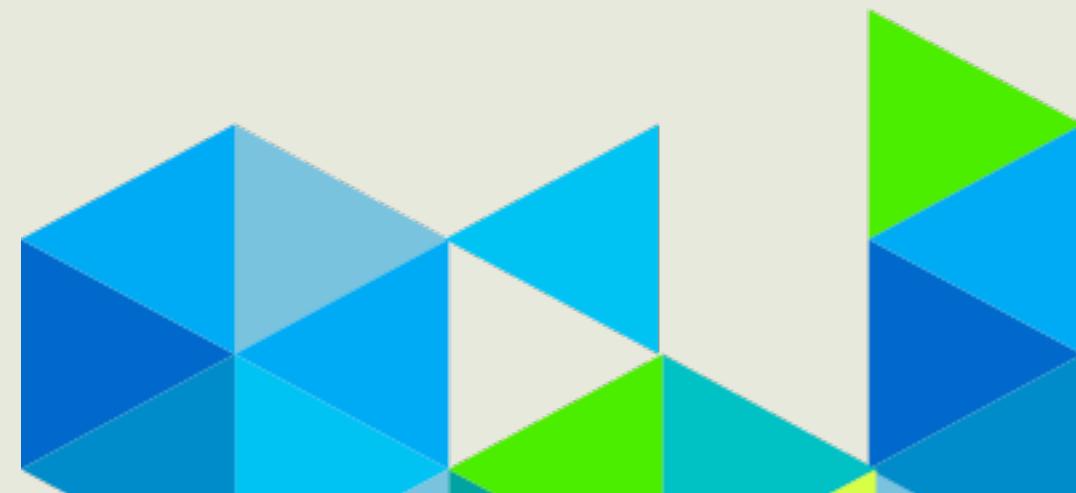

Step 4.5: You are done.

Step 5.

Step 5.1: Verification and approval.

Before you are granted access, your account needs to be verified and approved. Like the screen mentions it can take up to 24 hours, but in most cases should only take a few hours or less.

10:17

Verification Pending

We will notify you when your account is verified, which can take up to 24 hours during peak traffic times.
